

Lycée Saint-Exupéry, La Rochelle

Our ERASMUS+ Project

Objective 1 : Fight against school dropout and improve the motivation and autonomy of our most vulnerable students

Objective 3 : Increase girls' interest in science studies

Objective 4 : Promote education for sustainable development and make it meaningful and visible through innovative projects (in connection with the E3D label)

Objective 5 : Highlight teachings that are unique for our high school : European sections in English and Spanish, option and specific topic "Latin language and Cultures of Antiquity"

Objective 6 : Improve communication skills in French as much as in modern languages, of students, teachers and high school staff – related with the high school identity

Objective 7 : International openness to develop digital devices and their thoughtful use

Objective 2 : Comparison and exchange of experiences and educational practices focused on assessment and guidance support : observation and job shadowing for teachers
